WALK FOR TRUTH

Creator Spirit,

We come together in this moment of prayer, walking in our hearts for truth, for justice, and for healing.

We give thanks for the First Peoples of this land, for their strength, their culture, their stories, and for the truth they continue to carry and share.

We acknowledge the pain of the past, the silence that has too often covered truth, and the courage it takes to walk forward together.

As people across this country walk for truth, we stand beside them in spirit.

Even when we cannot walk the path ourselves, we walk in solidarity, step by step, towards a future built on honesty, respect, and justice.

Help us to listen deeply, to learn bravely, to speak truthfully, and to act with courage and kindness.

May this walk remind us that truth is not always easy, but it is always necessary.

May it lead us towards healing, understanding, hope, and unity.

May we walk together in truth, towards a better future for all.

And together we say:

May we all stand tall, stand firm, grounded in truth, together as one.

Amen
